SUMMARY

Entry-level Full Stack Developer with hands-on experience building responsive web applications using modern frontend and backend technologies. Comfortable working with JavaScript, Tailwind CSS, and Python, Java, and experienced in developing real-world projects from scratch. Passionate about writing clean code, learning new tools, and contributing to scalable, user-focused applications.

EDUCATION

B.tech in computer science and engineering | st mary's group of institutions

B • Dec 2021 – Dec 2025 • telangana, india

Intermediate in MPC | Vectra junior collage

B • Jun 2019 – Apr 2021 • telangana, india

SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+) React.js, Vite Tailwind CSS, Responsive UI Design Component-based architecture Accessibility (ARIA basics), Cross-browser compatibility
- **Backend Development:** Java (FastAPI / Django / Flask) Node.js, Express.js (basic) RESTful API design Authentication & Authorization (JWT, role-based access) Server-side validation & error handling
- **Databases:** PostgreSQL, MySQL MongoDB Database schema design CRUD operations & query optimization

PROJECTS

online voting system – using block chain tecnology | testing

hydrabad,telangana, india

- Developed a secure online voting system using blockchain technology to ensure vote integrity, transparency, and immutability.
- Built a full-stack MERN application with role-based access for voters and administrators.
- Implemented blockchain concepts to prevent vote tampering and ensure one-person-one-vote validation.
- Designed a responsive frontend and integrated backend APIs for secure data handling.

movies-first-mern-project | fullstack developer

hydrabad,telangana, india

- Developed my first full-stack MERN application, “Mioves,” implementing end-to-end functionality from frontend UI to backend APIs.
- Built dynamic and responsive user interfaces using React and handled server-side logic with Node.js and Express.
- Implemented CRUD operations with MongoDB for efficient data storage and management.
- Gained hands-on experience with REST APIs, component-based architecture, and full-stack application workflows.

CERTIFICATIONS

Meta Full-Stack Developer Professional Certificate | Coursera

Very well-recognized globally

Covers React, Node.js, Databases, Git, APIs

Backed by Meta (Facebook)

freeCodeCamp – Full Stack Certification | freeCodeCamp
